

# Saint George's Church of England Primary Phase Weekly Newsletter

Term 4 – Week 4  
Friday, 17<sup>th</sup> March 2023

Dear Families,

We have had a very busy week at Saint George's Primary Phase! It is Science Week this week and we started the week off with a special worship led by 'Fizz Pop'! The children were treated to a show packed with experiments which everyone found very exciting! Throughout the week all of the classes have continued to think about Science and have completed a range of different Science experiments including cornflower slime and we will share these photos with you next week.

We all enjoyed congregating together in church on Wednesday, where Trudi focused her worship on Good Friday events. The children were very well behaved and participated in the service with enthusiasm.

Thank you to all the Mums or family members who were representing Mums, who joined us for our Mother's Day activities today. We hope you enjoyed yourselves, we know the children had a brilliant time completing their special activities with you and sharing time together.

Have a wonderful weekend and a lovely Mothering Sunday!

Don't forget that Monday is a Trust development day, so we will see you back in school next Tuesday 21<sup>st</sup> March. Mrs Palmer

## ATTENDANCE THIS WEEK

*Well done to squirrels!*

*Attendance Ted will be visiting you next week!*

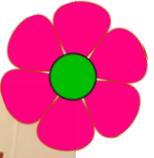

Hedgehogs	95%
Badgers	95.33%
Squirrels	<b>96.45%</b>
Owls	95.32%
Foxes	94.07%

WHAT'S THE BEST DAY TO COME TO SCHOOL?  
**EVERY DAY!**

# Mother's Day at the Primary

# FizzPop Science

We had a fun-filled visit from FizzPop Science on Monday, to kick off our science week!

If your child enjoyed Alannah Banana and her mad science, why not sign them up for the FizzPop science club, which is being held at the Primary on Tuesdays in Term 5!

## FIZZPOP SCIENCE

Experiment! Discover! Inspire!

School: Saint George's Church of England School  
Day and Time: Tuesdays 1515-1615  
Dates: 26/4, 03/05, 10/5, 17/05, 24/5  
5 Week Programme Cost: £38

Our After School Programmes are designed to inspire our children towards gaining an interest in the Sciences. Our workshops are a mixture of exciting demonstrations and thought provoking hands-on experiments and tasks.

### 'Out of Our Senses' - Sensational Science!

**'TASTE BUDDIES'**  
Finding out about flavour is the aim of this session, we explore the reasons why we like some food and drinks, but not others. We will even make sherbet to help investigate what makes our drinks fizz and more acidic.

**'GO WITH MY GUT'**  
Follow food down into the belly as we enter the guts and digest the inner workings of our body from dinner plate to toilet bowl. Find out how the body gets as much as we can by eating and what waste we leave behind.

**'SNOTTY SCIENCE'**  
The body is under attack from dangerous germs and we must protect it! Find out about this seasons must have mucus and how it protects us from the dangerous invaders all around us. Just in case, take some extra home with you as well.

**'I CAN'T BELIEVE MY EYES'**  
Seeing is not always believing! We open our eyes to the wonderful world of optics and the workings of the brain. We will see how our brain plays tricks on us to see things are not really there!

**'SHOW ME THE LIGHT'**  
Become illuminated as we split apart light into rainbows. Discover how light travels and how it can be used every day. Discover invisible messages that are hidden in plain sight to help keep us all safe.

**'FUN GRADUATION!'**  
Hopefully we have opened your eyes to the world around us! You will be rewarded with a certificate and a special gift in this fun-filled SOUND session.

Terms and Conditions - Refunds can only be given for cancellations made seven days prior to programme commencing. Any cancellations not made within this period will be charged £5.00 administration fee. No reimbursements will be given for any child asked to leave the programme due to bad behaviour. Refunds can not be given for children missing sessions. Programmes may change without prior notice, however every effort is made to keep to workshops as those stated above.
